The diagram shows a 5x5 grid of squares. A solid circle, labeled W , is centered on the grid. A dashed circle, labeled SA_k , is also centered on the grid and is smaller than the solid circle. The grid is divided into four quadrants by a horizontal and vertical line. The top-left quadrant contains a dashed circle. Arrows are drawn in each square, representing a vector field. Some arrows are labeled: r_1 , r_2 , r_i , r_k , r_{N-1} , r_N , and s . The grid is surrounded by a dashed border. Labels SA_1 , SA_2 , SA_3 , SA_4 , SA_1' , SA_2' , SA_3' , and SA_4' are placed around the grid, connected by dashed lines. A label W is placed to the right of the solid circle.
